Doteasy KB

What are the Doteasy Web Apps?

The Doteasy Web Apps are a suite of handy plug-in tools that you can add to your website without the need for scripting or database capability. These web apps include fourm, blog, gallery, and webform.
You can add these web apps through the "Web Apps" section in Member Zone. If you're logging into your Master Account, you will need to click on the domain name first before you can see this section.
For more information, you can visit our Doteasy Web Tools page at:
