

## **Doteasy KB**

### **How to modify a gallery theme**

You can modify a Gallery theme, including changing the background color, adding a wallpaper (background image), changing the text style and the thumbnail border.

To modify a Gallery theme, choose the theme that you wish to use and then,

- 1) Click on the "Customize Gallery Theme" button. The customization menu will appear.
- 2) Select the item you wish to customize from the menu. This will open the Customize Gallery Theme window.
- 3) Make the modifications desired. When ready, click on the "Save" button and then the "Close" button.
